Quickmill 100

Quickmill 100

The smallest three-axis machining center for milling, drilling and grinding of notches. Quickmill 100 has as its primary processing the milling and grinding of notches and cut-outs, but is also able to perform holes with high quality finishing. Programming on the machine with a simple and fast CAD / CAM.
Possibility of having the optional CAM WAY CAD / CAM with over 1000 parametric shapes and the work station for programming in the office.

Vantaggi

COMBINES PERFORMANCE AND PRICES
an industrial machine at an affordable price

SIMPLICITY OF USE
thanks to the industrial touch screen PC with touch screen with parametric shapes for intuitive programming

COMPACT
in size, stays with 6m length

LOW COST
of maintenance thanks to optimized mechanics
