Tornado Easy

Tornado Easy

Tornado Easy is the entry-level version of the series Tornado, for production contexts which do not request particularly high performances or boosted automation: a strong construction with a wide use of stainless steel ensures a long-lasting reliability; the fans under the structure ensure a constant flow of clean air for drying.

Vantaggi

COMBINES PERFORMANCE AND PRICE

LONG LIFE
designed to last for many years

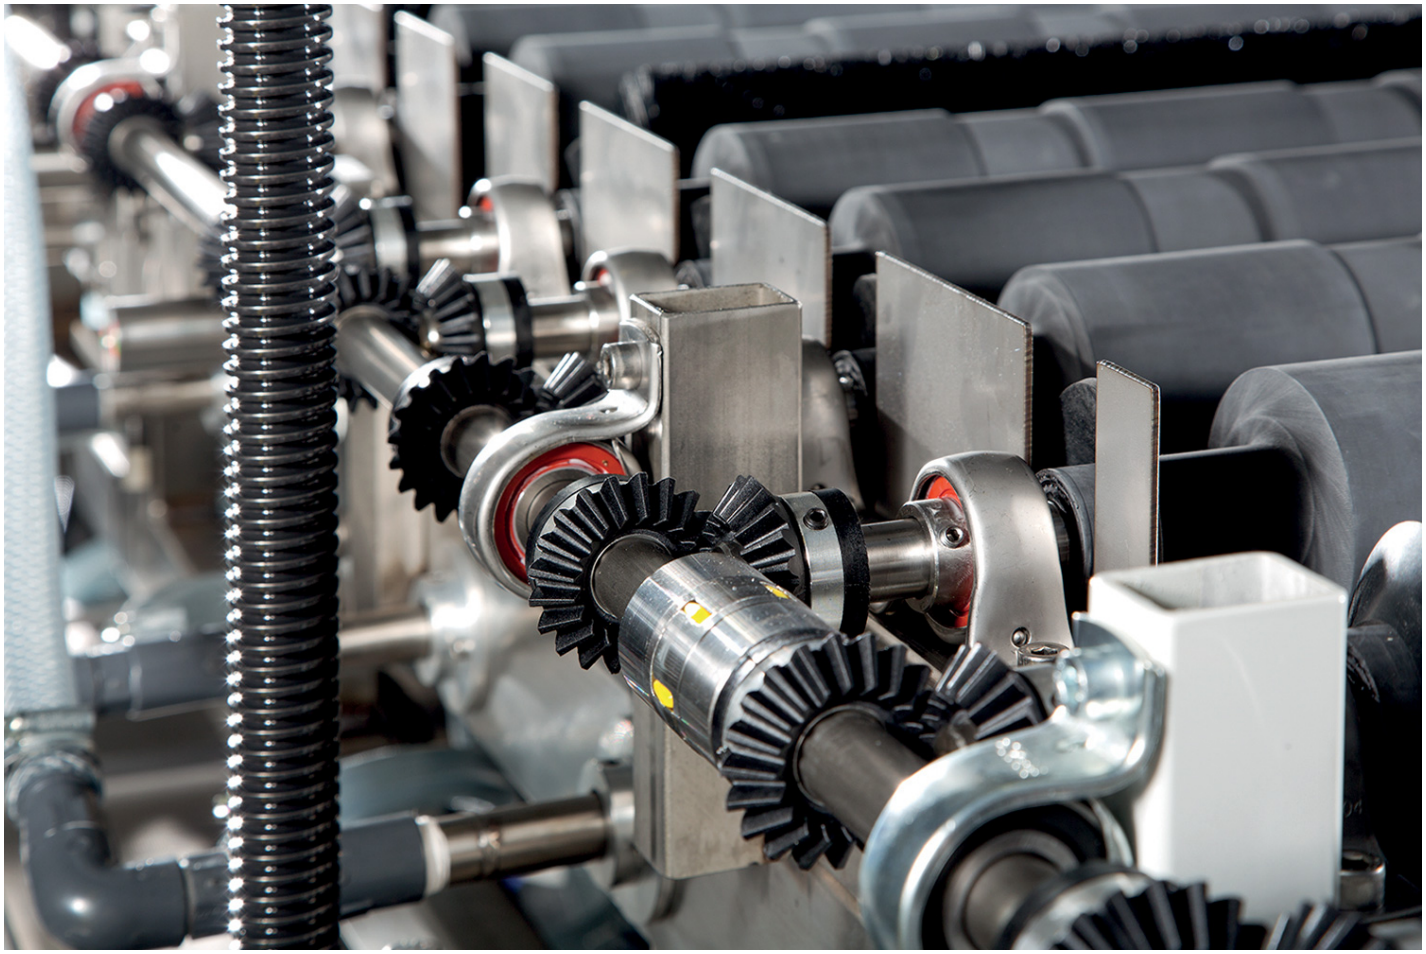

SIMPLE
to use

LOW ENERGY CONSUMPTION AND NOISE

Technical features

Neptun srl
